

AMRESH KUMAR

CYBER SECURITY

ABOUT ME

I am a passionate and dedicated BCA student at Shri Ram College, Muzaffarnagar (UP), with a strong interest in cybersecurity, networking, and ethical hacking. I have hands-on experience with port scan tools, keyloggers, and basic security analysis. I am continuously learning and improving my skills in CCNA networking fundamentals and junior cybersecurity analysis through online courses.

Apart from technical skills, I have good communication skills and a keen interest in problem-solving and logical thinking. My goal is to become a top cybersecurity expert and contribute to making India a cyber superpower.

I am fluent in Hindi and have intermediate-level proficiency in English, which I am improving daily.

PROJECT

Port Scanning Tool

- Built a Python-based scanner to detect open ports and analyze network security.

Keylogger for Security Analysis

- Developed a keylogger to study keystroke logging and enhance cybersecurity awareness.

Network Packet Sniffer (In Progress)

- Creating a tool to capture and analyze network traffic for penetration testing.

SKILL

Network security	● ● ● ● ○
Rise analysis	● ● ● ○ ○
Kali Linux	● ● ● ● ○
Communication skills	● ● ● ○ ○
Penetration testing	● ● ● ● ○
